

IN THE CLAIMS:

A. Please amend claim 5 as follows:

[illegible]

Clean Set of Amended Claims

5. (Amended) The method of claim 1, wherein transferring bearer information comprises:

sending a request from the origination BSC to the MSC for Connection Management service carrying required information, for setting up a radio link with the origination mobile station upon reception of a call set up message from the origination mobile station;

sending a request from the MSC to the termination BSC for the termination number for a call, to set up a radio link between the termination BSC and the termination mobile station; and

transferring bearer information of the termination BSC to the origination BSC, and transferring a response to the bearer information from the origination BSC to the termination BSC, to form the bearer path.
